UPI MERCHANTS PAYMENTS

- V-Pay's BHIM UPI QR allows Merchants to receive digital payments without the use of Point-of-Sale (POS) swiping machine
- Vpay's UPI Payment allows Merchants to collect payments using Virtual Payment Address (VPA ID) and QR code
- No hassle of typing credit card details, IFSC code, or net banking/Wallet passwords

Features

- ✓ Instant UPI QR scan & pay
- ✓ Supports multiple bank accounts
- ✓ Real-time transaction status

Benefits

- ✓ Fast and secure cashless payments
- ✓ Reduces dependency on physical cash
- ✓ Ideal for merchants and daily transactions

Travel Ticket Booking (Bus, Hotel & Flight)

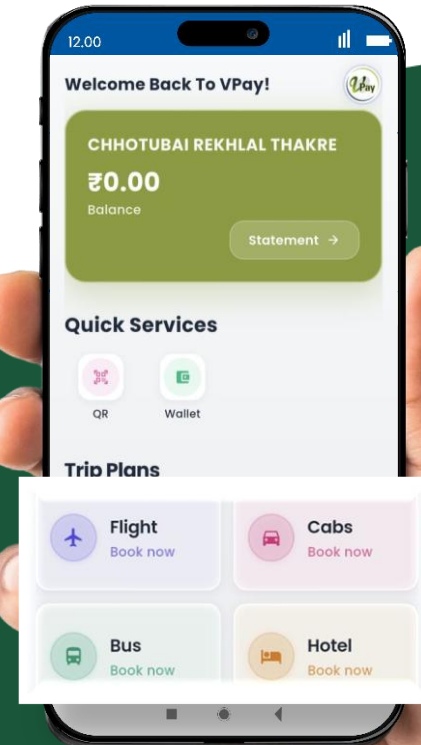

Book bus, hotel, and flight tickets seamlessly through the V-Pay app with a fast, intuitive experience. Enjoy secure payments and instant confirmations—all in one unified platform.

Features

- ✓ Bus, hotel, and flight booking in one app
- ✓ Real-time availability and pricing
- ✓ Booking history and e-tickets

Benefits

- ✓ Saves time with a single travel platform
- ✓ Convenient planning and instant confirmations
- ✓ Eliminates the need for multiple apps

Digital Wallet

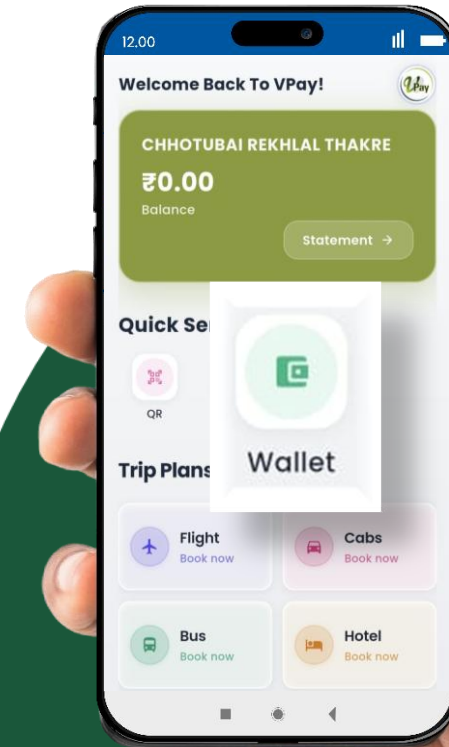

The V-Pay digital wallet enables fast, secure, and cashless transactions with complete control and convenience. Manage payments, balances, and transfers seamlessly within a single app.

Features

- ✓ Store and manage wallet balance
- ✓ Easy add money / withdraw options
- ✓ Wallet transaction history

Benefits

- ✓ Faster payments without repeated bank authentication
- ✓ Better expense tracking
- ✓ Smooth checkout experience

V-PAY SOUNDBOX
